Beautify

*your living space to create the
ideal home and work environment*

Interiors & Exteriors – The only annual exhibition, now in its **24th year**, is most looked forward to by the trade of Goa. Interiors & Exteriors is here once again to provide holistic solutions to living spaces and provide a common platform for one-to-one interaction between trade members and manufacturers from around the world. The taste in design and sense of imagination of the Goan populace has evolved to explore new developments and enhancements in technology, products, art, design and ideas but options available within Goa are limited and sometimes out of reach! **Interiors & Exteriors** exhibition has been bridging this gap over the years and assures the same to continue in time to come.
